## OVER 50 % OF THE ALUMNI MADE DONATION TO IITGN DURING 2019-20 FINANCIAL YEAR

IITGN received donations from more than 50% of alumni in the financial year 2019-20. This is a historic milestone for IITGN and its alumni. We are probably the first ever educational institution in India to achieve this milestone. With this achievement, IITGN is now in the league of world's top universities/colleges which receive the highest percentage of alumni donations. Also, within just a decade of existence, IITGN alumni have established twelve endowed scholarships. All this testifies a firm commitment of alumni towards the growth and advancement of IIT Gandhinagar. The alumni contributions will be used to provide scholarships to students and support their initiatives.

## ALUMNI SPEAK

*Aketi Sai Aparna  
 PhD Scholar, Purdue  
 University, USA*

"I graduated from IIT Gandhinagar in 2018 with a BTech degree in Electrical Engineering and a minor in Computer Science. During my study at IITGN, I took an elective in the field of VLSI under Prof Joyce Mekie and it was one of the best decisions I made during my BTech. This led me to do an internship at the University of South California and eventually to pursue higher education. Currently, I am doing my PhD under Prof Kaushik Roy at Purdue University. I am having a great time here working on Deep Learning and leading a completely independent life.

My journey at IITGN had a rough start as I was finding it difficult to both socialize and focus on academics at the same time. But eventually I made really good friends, thanks to all the fun events that are conducted very often. I was a part of various events including Blithchron and Hallabol at IITGN. My academic life at IITGN was quite stable, perhaps more than my social life.

If I had to give some advice to my juniors, I would probably ask them to focus on work-life balance. Yes, academics are important but it is equally important to not miss out on events and fests. They don't need to decide everything in their first semester, they can go at their own pace. It's never too late to start or learn something new."

Aketi Sai Aparna (BTech/EE/2018)

*Pooja Susan Thomas  
Assistant Professor  
MICA, India*

“I consider the years of my PhD at IITGN a turning point in many ways. I was juggling the return to academic research life, a long commute from my home in Ahmedabad as well as raising a small child. IITGN generously provided support to attend conferences abroad, which yielded many intellectual partners and research opportunities. I joined MICA, Ahmedabad, to teach a course based on cultural inquiry and research. I have also since published papers based on my doctoral work on Ahmedabad and its heritage discourse, as well as continuing to build a research repertoire on cities in South Asia, cinema, cultural identity, and migration.”

Pooja Susan Thomas (PhD/HSS/2016)

*Rishab Anand  
Bajaj Auto Ltd, India*

“After graduating from IITGN, I joined IIT Bombay for a Masters degree in Power Electronics and Power Systems. Currently, I am working at Bajaj Auto Ltd. in the field of electric vehicle traction battery management and control. Looking back, apart from imparting an excellent engineering education very strongly rooted in the fundamentals, IITGN instilled in me ambition, tenacity and self-belief. A company of some very energetic and passionate people made me realize that even things that appear intense and rigorous at first, can be made fun to do, if you stay positive, optimistic and really put your heart into them.

Seamless access to labs, large number of resources at hand, and excellent support, were some of the things I appreciated the most during my time at the campus.”

Rishab Anand (BTech/EE/2017)

## ALUMNI ENDOWED SCHOLARSHIPS

### SHRI ONKARPRASAD TANDON SCHOLARSHIP

Akhilesh Gotmare (BTech/EE/2016) set up a scholarship, “Shri Onkarprasad Tandon Scholarship” in honor of his late maternal grandfather Shri Onkarprasad Tandon. This scholarship of ₹1 lac per year is to support undergraduate students at IITGN.

Akhilesh is currently working as a Machine Learning Researcher at Salesforce Research in Singapore. He holds a Master’s degree in Computer Science at École Polytechnique Fédérale de Lausanne (EPFL) in Lausanne, Switzerland.

*Akhilesh Gotmare  
ML Researcher Salesforce  
Research, Singapore*

*Late Shri  
Onkarprasad

### CHETAN DHANDE SCHOLARSHIP

Fifteen BTech alumni of the class of 2013 jointly set up “Chetan Dhande Scholarship”, in honor of late Chetan Dhande (BTech/ME/2013). This scholarship of ₹1 lac per year is to support undergraduate students at IITGN.

Chetan worked at Honda Cars India after graduation and at Honda R&D Japan later. Unfortunately, he passed away in 2018, in a hiking incident leaving a void in every person lucky enough to interact with him.

*Late Chetan Dhande*

Following are the patrons of Chetan Dhande scholarship:

Akshay Dilip Navalakha (BTech/EE/2013), Arth Patel (BTech/CL/2013), Bhavin Chauhan (BTech/ME/2013), Gourav Dubey (BTech/ME/2013), Himanshu Dewangan (BTech/ME/2013), Jainil Parekh (BTech/EE/2013), Pratik Thacker (BTech/EE/2013), Rahul Jeshnani (BTech/EE/2013), Rahul Pancholi (BTech/CL/2013), Shashank Sheohare (BTech/EE/2013), Shashank Pandey (BTech/ME/2013), Siddharth Gora (BTech/EE/2013), Suresh Ramasamy (BTech/ME/2013), Sushant Suman (BTech/CL/2013) and Vishnu Vijay (BTech/ME/2013).

## ALUMNI UPDATES AND ACHIEVEMENTS

A fin-tech startup Recko, based in Bangalore, founded by Saurya Prakash Sinha (BTech/EE/2013) and Prashant Borde (BTech/EE/2012) raised \$6 million in a fresh funding round led by Vertex Ventures. Recko is a Software-as-a-Service (SaaS) based reconciliation product startup that keeps track of the complete transaction lifecycle and commercial contracts for organization.

*Saurya P Sinha  
Co-Founder,  
Recko, Inc., India*

*Prashant Borde  
Co-Founder & CTO,  
Recko, Inc, India*

Mihir Bhalerao (BTech/ME/2016) filed a patent with Indian Patent Office on battery waste heat recovery in electric vehicles. He is working as a Senior Engineer at Mahindra Research Valley. During his 4 years at Mahindra, Mihir has filed 5 patents on electric vehicle technology.

*Mihir Bhalerao  
Sr. Eng., Mahindra

## ALUMNI ENGAGEMENTS

### ALUMNI MASTERCLASS

Deepti chopra  
Co-Founder, Adaface  
Singapore

Deepti Chopra (BTech/EE/2014), Co-founder of Adaface, conducted the very first Virtual Alumni MasterClass on the topic **“How to build a profile that can’t be refused”**. She interacted with the students on her article **“This Calvin & Hobbes resume got me interviews at 21 startups (I applied to 24)”**. Deepti was also featured by KrASIA in an article that highlights her professional background and experiences of how she established her startup.

Ankit Agarwal (BTech/ME/2017) and Abhishek Kandoi (BTech/ME/2012), along with four undergraduate students, Aditya Rathi, Animesh Rastogi, Kshitij Sendre and Varun Dolia, conducted a session on guiding the current young undergraduates about teamwork, conflict management, work-life balance and how to take the best opportunities out of IITGN.

## INSTITUTE ACTIVITIES

### PADMA SHRI AWARD FOR PROF SUDHIR K JAIN

Prof Sudhir K Jain, Director, IIT Gandhinagar was awarded Padma Shri for his contributions to Science and Engineering, and for his extraordinary dynamic and visionary leadership. A felicitation ceremony was organized on February 22, 2020 at IIT Gandhinagar to honor Prof Jain’s conferment of Padma Shri. ### CLAY STUDIO

A clay studio, with state of the art facility, was set up in the Beauki hostel. The clay studio is equipped with potter wheels, kiln, glazing materials, and clay carving tools. It will be open for all students and community members. Along with serving an opportunity for art and aesthetics, it will also provide hands on training and experience to the IITGN community.

### Upcoming sports facility at IIT Gandhinagar
